Select opportunity for Australia, US, Canada, and New Zealand

Semen has been collected at a licensed centre from **SPRINGVALE JOSEPH-ET**.

He has LLANDOVERY Illawarras on both sides of his pedigree, including three generations of dams that have produced to 100,000 litres lifetime.

With LLANDOVERY DYNAMIC on the top side of his pedigree, he carries a valuable link to **White Gates Dainty 13** – one of Llandoverly's favourite cows – who produced 87,000 litres lifetime.

DYNAMIC was PREMIER SIRE at IDW 2018 with Springvale showing a DYNAMIC daughter for **HONOURABLE MENTION INTERMEDIATE CHAMPION**
