FOREWORD

This firmly established Stud Illawarra Breeders Sale has provided Illawarra enthusiasts with high quality animals over the past several decades. The Illawarra and Southern Branch has attracted the support of 7 breeders to nominate entries for this 2012 fixture. Pleasing reports to so many vendors in the past of cattle sold by them in this sale must be your assurance that this year's offering is also a high standard, It is without hesitation that we recommend this offering to you and further suggest that you take time to study the catalogue and appreciate the depth of breeding that these cattle contain.

This sale does include the 2009 drop of the Athelglow heifers following on from their herd dispersal last year.

The dairy industry today demands efficiency if one is to survive and we firmly believe that the first step in this direction is the development of high performing registered herds. Such foundation females are included in the sale teams. Being given the opportunity to buy on 6 month interest free terms must also be a tremendous attraction so please don't leave it too late, fill out the application form now and send it off.

All participating vendors invite you to the 50th Annual Sale at Athelglow Dairies property and hopefully you will be able to take part as a purchaser. On behalf of all vendors and the Society, we thank them for making their property and the excellent facilities available for this sale.
