pab

Sired by one of the hottest sires in use today, "Plato" is the product of a cow family deep in production, type, and longevity. His dam has won multiple awards for production in Canada over the past few years. His second dam by Ladysman produced over 8700 kgs of milk with 4.7% fat and 3.5% protein. The third dam (by K Schie) is the lifetime fat and protein champion in Canada with almost 90,000 kgs in 10 lactations, is a Star Brood Cow, and was classified Excellent.

For a pedigree packed with high solids, longevity of production, Excellent brood cows and high type sires, the logical choice is PLATO!!
