

Illawarra Australia's Own

**"Got the low fertility blues?
Wouldn't you prefer these kind of blues?"**

Holstein cross Illawarra Cow.

Holstein cross Illawarra cow.

Cross-breeding with Illawarra genetics could help improve your herd fertility, temperament and calving ease. Modern Dairy Cows for modern farmers - high milk flow, protein % and super longevity.

Illawarra's at their most docile.

Illawarra genetics offer sound conformation and quality udders and the breed is world renowned for their docility

Illawarra genetics are available from all semen companies and your local reseller, for further information or queries please call our state secretary Brooke Evans 03) 5760 2198 or take a look at our revamped Illawarra website
